the Public Buildings Act

1. Action Requested: You are requested to sign and forward the attached letter to Mr. Joel Solomon, Administrator, General Services Administration (GSA).

2. Background and Staff Position:

a. Attachment 2 is resubmitted as a recap of our efforts to date to acquire 85,000 square feet of administrative space in the Metropolitan Washington Area.

b. Attachment 3 is a copy of your 5 September 1978 letter to the Chairmen of the House and Senate Appropriations Committees which contains the Agency's rationale for exemption from the prospectus requirements levied by the Public Buildings Act of 1959, as amended.

c. Attachment 4 is, in essence, the response to your 5 September 1978 letter to the House and Senate Appropriations Committees. The Honorable Joel W. Solomon  
Administrator  
General Services Administration  
Washington, D.C. 20405

Dear Jay:

As you are aware from my letter of 31 December 1977, the Agency is seeking to move forward with the long-delayed acquisition of approximately 85,000 square feet of space required for the relocation of personnel from our Headquarters Building.

In your letter of 17 July 1978, you advised that GSA would proceed with regard to this requirement by preparing a prospectus for submission to the Public Works Committees of the Congress. It has been this Agency's view, now confirmed, that a submission of this nature is not required. In response to specific inquiries directed to both the House and Senate, I have been assured of Congressional intent in this matter, and hereby certify that the requisite funds for this project were appropriated, and are available for expenditure, without being subject to a need of any further authorization or the submission of a prospectus pursuant to the Public Buildings Act.

With this point now clarified, your action to acquire the needed space as soon as possible is requested. Mr. [REDACTED] Chief of our Real Estate and Construction Division, will provide any necessary Agency assistance.

Yours,

STANSFIELD TURNER
